the dismantled single-track Inowroslaw/Uckermark (N 54/U 96) railroad line is scheduled to be reconstructed in 1951. *

* Comment. This information is received for the first time. The reconstruction of the Thurort-Strasbourg/Uckermark line, a stretch of about 40 km, would re-establish a rail link between Lasmark (N 54/Q 16) and Soustritz (N 54/U 54). The construction project will possibly be delayed by a shortage of rails.
